

● rRoadmap

June 2015
Founded from post
in /r/SpaceX

July 2015
rLoop partners
with Autodesk

August 2015
rLoop partners
with ANSYS

November 25 2015
Design selected by SpaceX
out of over 1,200 submissions
to present at Hyperloop
Design Weekend

March 29, 2016
rLoop partners
with Soylent

May 7 2016
rLoop successfully completes
IndieGoGo campaign to raise
funds for manufacturing of
prototype pod

January 29 2015
rLoop wins 'Best Non-Student
Design' at world's first Hyperloop
Design Competition, advances
to manufacturing and testing at
Hyperloop Competition 1

January 27 2015
First rLoopers meet in
person (Amir Khan from
India, Eric Matzner from
San Francisco)

May 25 2016
rLoop partners with
TE Connectivity

June 2016
rLoop wins "Next Big Thing"
from Basware and IndieGoGo

October 2016
rLoop wins "Best Architectural
Design, Drama, Excitement"
from BuildEarthLive and Dubai
Futures Foundation

March 2017
rLoop partners with
Precision Building Group

September 2017
rLoop partners
with TATA Steel

January 29 2017
rLoop wins "Innovation Award",
1 of 5 total awards presented
from SpaceX at world's first
Hyperloop Pod Competition 1

November, 2016
rLoop performs
preliminary tests
of rPod at SpaceX

July 2017
rLoop partners
with Digi Key

August 23 2017
rLoop successfully hovers rPod
independent of Hyperloop Tube
- the first Hyperloop vehicle
to levitate independent of the
infrastructure/tube

August 26 2017
rLoop successfully hovers rPod
at vacuum - the first hyperloop
vehicle with active magnetic
levitation hovering at partial
vacuum (1% atmosphere)

**6
mth**

- Establish one microfactory
- rLoop Network alpha open

ICO

September 29 2017
rLoop announces move to
Blockchain

**12
mth**

- Hyperloop components being manufactured
and tested at microfactory
- 1st external competition launched
- 2nd project being fostered on network
- Establish second microfactory

**18
mth**

- Full scale test track under
construction
- rLoop Network beta open
- Full scale hyperloop prototype
begins construction

**24
mth**

- 1 mile test track opens
- Completion and testing of full
scale hyperloop prototype
- Second project launches on
rLoop Network
